We Commit to Every Program for Life!
OUR MISSION

THE ORPHANED STARFISH FOUNDATION is dedicated to working with orphans, victims of abuse and at-risk youth. OSF’s mission is to foster lasting change in the lives of the children we serve by giving them the opportunity to develop vocational skills through computer technology and gain employment that will enable them to overcome the cycle of poverty and abuse.

ABOUT THE FOUNDATION

Since our beginning in 2001, ORPHANED STARFISH programs address the challenges facing orphans, victims of abuse and at-risk youth by providing them with technology training. OSF funds the construction and operation of vocational training facilities, including funding for furnishings, purchasing required equipment, teacher salaries, job placement services and scholarships for higher education.

OSF also provides English language software & classes, a Life-Skills Program, Scholarships & helps with internships and job placements.

We make a difference in the lives of over 9,500 children in our 46 programs in 22 countries!

And We Continue To Grow.
WHY ORPHANS & AT RISK YOUTH?

Only 2% of Orphans in Latin America are adopted. Children who are abandoned and/or have suffered abuse and/or fall below the poverty line are not accounted for in that 2%. If these children are not in an institution, they are living on the street. Hungry, dirty, without a roof. They become prey. Most of these children will age out of their institutions at 18 without the skills needed to have a job or go to university. They will have to fend for themselves. Without a decent education or vocational skills, most of these girls become prostitutes and the boys will become criminals. Thus, continues the cycle of poverty & abuse. It is crucial for these children to receive the education and training needed to succeed in a world without family support.
AMERICAN SAMOA
FA’A SAMOA, PAGO PAGO

OSF provided the very first computer training center on the island. We funded 30 computers as well as the computer teacher, printer and internet. The goal is to improve the quality of education and also prepare these youngsters for employment opportunities. For some of the children, it is their first time touching a computer. We are helping the community of American Samoa grow so that the children will have more opportunity for growth than ever before.

ARGENTINA
INSTITUTO PARROQUIAL SANTA MARIA MADRE DEL PUEBLO VILLA 1-11-14, BUENOS AIRES

We provided Instituto Parroquial Santa María Madre del Pueblo with their laptop computer center. The goal is to improve the quality of education and also prepare these youngsters for jobs. Many people in this "villa" do not work and are drug addicts also suffering from violence in the home as well as on the streets. We are helping to build this community into a safer one from the ground up.

BOLIVIA
PROYECTO HORIZONTE USHPA-USHPA, COCHABAMBA

We partnered with Save the Children to provide a computer center to serve the 600 children between the ages of 6 to 14 years who attend the school. OSF provided funds to furnish and equip the center with sixteen computers including software and all the necessary furniture. Save the Children provides the curriculum for the computer classes and facilitates the training of the teachers.

BRAZIL
INSTITUTO SOCIO-EDUCACIONAL
PRO-CIUDADANIA (ISEC) RIO DE JANEIRO

The Orphaned Starfish Foundation has awarded a grant to ISEC’s Programa Abrigo, for the furnishings and operational expenses of three vocational training rooms in three of Programa Abrigo’s homes and trains them for employment in the community. We have also supplied a grant to ISEC’s Programa Abrigo for multimedia and educational training for the mentally and/or physically handicapped children. ISEC utilizes a “mainstreaming” approach in which the non-handicapped students work and socialize with the handicapped children.
BRAZIL
REDES DE MARÉ (CEASM)
RIO DE JANEIRO

The Orphaned Starfish Foundation provides ongoing funding for computers, teachers salary & supplies annually. OSF provides a means for learning, self-expression, and exploration to children of Redes de Mare. Their daily activities contribute to the overall goal of improving education so that they have the skills and self-confidence to continue their studies and thereby break the cycle of poverty for their children and future generations.

BRAZIL
ASSOCIAÇÃO VIDA JOVEM (VJ)
SAO PAULO

The Orphaned Starfish Foundation provides ongoing funding for the Web Design, Computer Maintenance and basic computer skills classes annually. With The Orphaned Starfish Foundation’s support, many youth each year are starting computer-related careers and taking the first step on a path leading to higher education, active participation in the communities from which they come and to becoming catalysts for positive change.
**BRAZIL**

**ASSOCIAÇÃO DE ASSISTÊNCIA À CRIANÇA SURDA (AACS) RIO DE JANEIRO**

The Orphaned Starfish Foundation has provided the resources and funds to furnish a computer center. We also were able to fund computer hardware and software upgrades, teachers annual salary, operational costs, programs, and internet access. OSF will also continue to provide ongoing financial support ensuring the kids of AACS a secure future.

**BRAZIL**

**CENTRO DE AÇÕES INTEGRADAS NOVO HORIZONTE RIO DE JANEIRO**

Centro de Ações Integradas Novo Horizonte is the home of approximately ninety children ranging from infants to 14 year-olds. All the children receive schooling at the facility, and children ages 14 and older can be trained in silk printing techniques – from design to final product. The Orphaned Starfish Foundation provides Centro de Ações Integradas Novo Horizonte computer equipment and classroom supplies. In addition, OSF provides ongoing funding for proper lunches for the children attending lessons at the facility.

**CHILE**

**HOGAR SAN FRANCISCO DE REGIS, SANTIAGO**

Hogar San Francisco, founded in 1889, is a home for battered girls in the poorer outskirts of Santiago, Chile. The home is dedicated to providing shelter, guidance, and education for sexually abused girls ranging from ages 4 to 18 years old. The girls attend classes at community schools but return to the home for psychiatric treatment, meals and to sleep. We provided an initial grant to build the computer center. Additional funds were provided for computer hardware and software upgrades, teachers’ salaries, operational costs, programs and internet access.

**COLOMBIA**

**FUNDAMOR, CALI**

Fundamor provides housing, nutrition, health care, and education to children living with HIV/AIDS. OSF provided a grant to expand an existing computer room at Fundamor. The grant funded the purchases of new computers and peripherals, as well as the salary of an IT teacher who provides computer literacy classes and maintain the computers. The computer room is used primarily by the resident children in Fundamor. The room will also be open to children in the community who don’t have access to computers.
PROGRAMS

COLOMBIA
EL FUTURO, QUIBDO, CHOCO

El Futuro is an Elementary School located in Quibdo. Orphaned Starfish funded a computer center. Five computers are rotated among the older children of the school. They have mastered Microsoft Office and how to use the internet. They not only take computer classes by a teacher funded by OSF, but also use the computers to do all of their homework. As El Futuro grows, so will OSF’s support. OSF will continue to provide financial support for the operation of the computer center.

COLOMBIA
AMPARO DE NIÑOS: GRANJA LOYOLA, BOGOTA

Amparo de Ninos is a “Home of opportunity” that actively engages children and adolescents, in structuring their life. OSF helps by providing financial support to maintain the computer center, we also pay for teacher’s annual salary. The computer center serves as an opportunity for girls and adolescents to develop computer skills for their academic success. OSF will also continue to provide ongoing financial support ensuring the children a secure future.

COLOMBIA
LA SOLUCION ESTA EN TUS MANOS QUIBDO, CHOCO

La Solución Esta En Tus Manos is an elementary and high school which offers education to 300 plus children in one of the most dangerous conflict zones of the region. OSF funded the furnishing of an initial educational computer center within the confines of the existing construction. We funded ten computers, a printer, a scanner, and the maintenance of the center. The computers and courses prepare the students for their future and professional careers.

COLOMBIA
CASA DE LA CHINCA, MEDELLIN

OSF enables all these children of Casa de la Chinca to have the access to computers, educational assistance, and mentor support- all required to excel academically. OSF funded the furnishing of an educational computer center. They funded fourteen computers, two printers and scanners, the maintenance of the center, and will also continue to provide financial support. Orphaned Starfish is also committed to providing these women with secure employment opportunities after they leave the orphanage.
COLOMBIA
SENDERS DE PAZ, SAN CRISTOBAL, MEDELLIN

Senderos de Paz is a home designed for children ranging from ages 3 to 10, who are among the vulnerable social strata of the village of San Cristobal belonging to the tumultuous climate-city of Medellin. OSF provided financial support for the implementation of a computer room for children ranging from the ages of 4 to 10 years from Senderos de Paz. OSF will continue to provide ongoing support for the children of Senderos de Paz, ensuring a secure future.

COSTA RICA
NUEVAS OPORTUNIDADES, SAN RAFAEL, HEREDIA

The Nuevas Oportunidades project was created to provide computer training to children and young adults. A group of approximately 80 children from the “Los Angeles” school in San Rafael Heredia will be able to attend this program. Many of them come from dysfunctional families and have little or no access to higher education. OSF provided funds to furnish a computer center, and will continue to provide ongoing financial support. We provide computer education for underprivileged children who have no access to computers in any part of their community.

COSTA RICA
LA POSADA DE BELEN, LA GARITA, ALAJUELA

The Orphaned Starfish Foundation furnished and equipped the computer center with the installation of 10 computers, internet access, Rosetta Stone, and also pays for teacher’s annual salary. These advances contribute to the overall goal of improving young mother’s education so that they have the skills and self-confidence to continue their studies and thereby break the cycle of poverty for their children and future generations.

DOMINICAN REPUBLIC
ORFANATO NIÑOS Y NIÑAS DE CRISTO, LA ROMANA

The orphanage provides a safe home, family, and education to these children and to prepare them for adulthood. OSF has equipped the classrooms with approximately thirty new computers as well as pay a teacher’s salary on a continuing basis. The goals of the new vocational computer center are to introduce all the children to typing, computer usage, and standard computer skills, allowing them to use the computers for their schoolwork, connect to the world through the internet, and use these skills to qualify for gainful employment.
DOMINICAN REPUBLIC
CENTRO DE FORMACIÓN Y CAPACITACIÓN CABARETE, PUERTO PLATA

OSF provided funds to furnish and equip the computer center located inside the Centro de Formación in La Cabarete, as well as pay the salary for an IT instructor. To date, the center has benefited children who otherwise would have no access to computer training and jobs and facilitated job placement in the labor market and helped promote the self-development of these at-risk youth through basic vocational training and the use of information technology.

ECUADOR
CENTRO DE MUCHACHOS TRABAJADORES, QUITO

Orphaned Starfish furnished and equipped the computer center with the installation of 15 computers, internet access, Rosetta Stone English software, and also pays for teacher’s annual salary. We serve approximately 500 students in which the center improves their quality of education. We also provide technologically enhanced training in work skills, which will increase awareness of potentially better employments and help their processes of human professional growth.

ETHIOPIA
ECF & ECF VILLAGE, ADDIS ABABA & ALELTU

OSF provided funds to build a Technical and Vocational Training Center at the ECF Village. The center is expected to allow the children to learn computer and technical skill to help them obtain employment in areas like information communication technology, hospitality and tourism, construction, textile and sewing. In addition, OSF will also provide funds to pay the salary of two teachers.

EL SALVADOR
MERCED PARA CRECER, LA LIBERTAD, SAN SALVADOR

OSF provides a computer center that will serve children and teenagers from the ages of 5-19, who are currently experience the affects of a broken family or alcoholism, economic crisis, emigration, limited access to formal education, absence of health services, etc. The program will allow the children and youth individually and formative, they will acquire basic knowledge in English language and computation, They will have support in the completion of their homework, through the use of computer and internet.
GUATEMALA
LA ALIANZA, GUATEMALA CITY

Orphaned Starfish funded the furnishing of eight computers, desks, a printer, projector and the teacher. The computer classes introduce the girls and adolescence of La Alianza to standard computer skills, allowing them to use the computers for their schoolwork, connect to the world through the internet. These computers will give these children the opportunity to gain employment that will help them provide for themselves and for many of them, their children.

HAITI
HELO HAITI, LES CAYES

HELO Haiti is an orphanage that provide three meals a day, a lot of love, medical care, and a quality education. OSF funded the furnishing of a computer classroom, which includes cabinets, computer desk tops, and chairs. We also funded ten laptops, a printer, antivirus software, monthly internet service, reading horizon software, and Microsoft Office. We continue to provide internet connectivity on an annual basis and pay the for the Teacher’s Salary. OSF will continue to provide ongoing financial support.

HAITI
L’ECOLE LA REDEMPTION, LEOGANE

Orphaned Starfish provided a computer center to serve over 600 children between the ages of 6 to 14 years who attend La Redemption School. We provided the resources and funds to furnish a computer center and also helped source 35 tablets. These resources contribute to the overall goal of improving the educational environment of street workers in La Redemption so that they have the skills and self-confidence to continue their studies and thereby break the cycle of poverty for future generations.

HONDURAS
SOCIEDAD AMIGOS DE LOS NIÑOS, TEGUCIGALPA

SAN’s Flor Azul provides homes and protection for at-risk street children in, as well as balanced meals, educational opportunities, psychological and medical care. OSF contributes by funding and furnishing a computer center for Flor Azul. We provide computers, software and a teacher’s salary, as well as installation and maintenance, and care of supplies. The skills the students acquire in the center help give them an alternative to life on the streets.
MEXICO
ASILO PRIMAVERA, MEXICO CITY

Orphaned Starfish made a grant to Asilo Primavera to accelerate the learning process through regular computer classes. The grant was utilized to purchase computers and printers, software, books for computer learning, and other support items. OSF’s support has already improved Asilo Primavera, with reports from the teachers showing increased computer awareness and an improvement in the students’ ability to use computer hardware and software. OSF also provided funds to purchase ten new computers for the computer center.

MEXICO
LA CIUDAD DE LOS NIÑOS, LA PAZ, BAJA CALIFORNIA

Ciudad de los Ninos, a foster home, provides a safe haven for 150 abused and abandoned children. These children usually suffer from low self-esteem due to physical and/or emotional abuse, and are in need of special care and acceptance. They give the children the opportunity to get an education and trade training allowing them to leave the home with the tools that will enable them to succeed. OSF provided funds to construct and furnish the computer room to help bolster the home’s education program.

MEXICO
EL POZO DE VIDA, MEXICO CITY

El Pozo de Vida is a U.S. non-profit organization, based in Mexico, that fights human trafficking and modern-day slavery. Orphaned Starfish provides the computer center in El Pozo De Vida. The girls at the safe house are homeschooled during their rehabilitation time. Now, the girls have the opportunity to advance their education as well as earn job skills.

NEPAL
DRUK AMITABHA, KATHMANDU

The Amitabha Monastery sits on the top of Druk Amitabha mountain overlooking Kathmandu Valley. It is a center for spiritual practice and for humanitarian causes. It has a hall that seats up to 2,000 people, a library, administration office for the Drukpa Lineage, a nunnery, residences for 300 nuns, and a medical clinic. OSF donated funds to help purchase computers that will be used in the in Naro Hall that will provide computer classes to children in the neighboring villages who lost their homes in the earthquake.
NEPAL
SNOW LION SCHOOLS, KATHMANDU

Snow Lion Foundation was established in 1972 by the Swiss Association for Technical Assistance to look after the health, education and social welfare of the Tibetan refugees in Nepal. OSF donated funds to rebuild computer centers damaged during the recent earthquake in Nepal and have donated computers. Once, rebuilt, OSF will provide funding for the computer teachers for Atisha School and Namgyal Middle Boarding School.

PANAMA
ASILO MALAMBO, MALAMBO

Asilo Malambo fosters children and young adults from all backgrounds but mostly orphans. Currently, Asilo Malambo cares for approximately 150 girls, including 30 HIV positive children, and serves a community of over four hundred people. OSF funded the furnishing of a computer classroom with thirteen computers and peripherals, four printers, air-conditioning unit. We continue to provide internet connectivity on an annual basis.

NICARAGUA
HOGAR DE NIÑAS MADRE ALBERTINA, GRANADA

Hogar de Niñas Madre Albertina is a home for social orphans in Granada, Nicaragua run by an order of nuns called the Madre Albertina. OSF provided a grant for the supplies and installation of a computer room in the hogar. The grant covers laptops and furnishings, snacks for the students before their lessons, English language learning software and a teacher’s salary. The computer room will provide marketable skills for the girls at Hogar de Niñas Madre Albertina that they can use when they leave and enter the real world.

PANAMA
HOGAR SAN VICENTE, COLON

Founded in 1893, Hogar San Vicente de Paul (Compañía de las Hijas de la Caridad de San Vicente de Paul) provides care for 45 girls ranging in age from 6 to 16 by providing shelter, food, clothing, healthcare, and education. OSF provided the funds to furnish and equip a computer center located inside Hogar San Vicente de Paul, as well as pays the salary for an IT instructor.
PANAMA
PRIMARIA PARROQUIA DE FATIMA, CHORILLO

Founded in February 2010, Hogar Parroquia de Fatima located on Chame countryside, provides a multitude of services. There is a nursery for working Mothers, a primary school for all the children in the neighborhood, and an orphanage for children in need. It also includes a home for elderly care. OSF provided the funds for 10 computers and all equipment for the computer lab. The computer lab is used by the orphanage and the primary school in the community.

PANAMA
HOGAR MONTE CARMELO, BEJUCO

Founded in February 2004, Hogar Monte Carmelo is temporary housing for teenagers that have the aspiration to complete their studies, located at the sector of Bejuco, Panama. OSF provided the funds for 15 computers and all the equipment for the computer lab. The lab is used by the teens that are part of the institute and they have daily classes with a computer teacher.

PERU
PRIMARIA PARROQUIA INMACULADA, MANCHAY

Immaculate Parish Elementary School is located in Manchay, a neighborhood outside of Lima, Peru. OSF's grant pays for a computer room at the elementary school equipped with furniture, technology for twenty computers and provides a teacher's salary. The children have the opportunity to receive computer training skills to increase their awareness which will potentially allow them to have better employment.

PERU
NIÑOS DEL ARCO IRIS, URUBAMBA

Fundación Niños del Arco Iris is a private non-profit organization whose goal is to provide health and education services to deprived people in Urubamba, Cusco. OSF has equipped the classrooms with eight new computers as well as pays the teacher's salary on a continuing basis. We funded Rosetta Stone software for English language training. The new vocational computer center are to introduce all the children to typing, computer usage, and standard computer skills, connect to the world through the internet, and use these skills to qualify for gainful employment.
Instituto Santa Ana, Inc. is a nonprofit organization founded in 1987 by the Sisters of the Guardian Angels located in Adjuntas, which serves girls and young victims of abuse and/or negligence between the ages of 5-14 years old. Orphaned Starfish partnered with Johnson & Johnson to create this computer center. Not only were computers donated but also tablet were donated by Vernet, for all the girls. These girls are excelling with the use of these computers. OSF will continue to provide ongoing financial support.

Hogar Fatima is a residential home, non-profit, which serves young girls who are victims of abuse and/or neglect, also girls who have behavior problems. OSF in partnership with Johnson & Johnson funded the furnishing of an educational computer center. Johnson & Johnson donated computers and we funded a printer, Microsoft Office software, and the maintenance of the center. Their daily activities contribute to the overall goal of improving education so that they have the skills and self-confidence to continue their studies and thereby break the cycle of poverty for their children and future generations. OSF will continue to provide ongoing financial support.

Since 1981, La Casa de Todos at Juncos PR, affiliated with Boys, Girls and mothers provides residential and educational support to children who have been placed in its care by family courts due to sexual and/or physical abuse, neglect, abandonment and/or extreme poverty. OSF partnered with Johnson & Johnson funded the furnishing of an educational computer center. We funded six computers, a printer, Microsoft Office software, and the maintenance of the center. The children also received the gift of tablets through Vernet. The computers and courses will prepare the students for their future and professional careers. OSF helps by improving self confidence, prepare youth for job market and post-secondary school educational programs, promote social and digital inclusion, complement education offered in schools with core course tutoring, languages, technology and sport, and foster sense of citizenship and strong moral values.
URUGUAY
PROGRAMA ALTERNATIVA ADOLESCENTE, COLEGIO DON BOSCO, MONTEVIDEO

The Alternativa Adolescente program of Don Bosco works with 60 teenagers between ages 12 and 15. Most of the teens are from low to middle class households, which in most cases lack a male role model. One of the basic problems in the area is the lack of educational opportunities (formal and non-formal) for the adolescents. The Orphaned Starfish Foundation furnished and equipped the classrooms with eight new computers and a printer as well as pays a teacher’s salary on a continuing basis. The goals of the computer center is to introduce all the children to standard computer skills, allowing them to use the computers for their schoolwork, connect to the world through the internet, and use these skills to qualify for gainful employment. These advances contribute to their overall goal of improving the welfare of each adolescent.

UNITED STATES
ST. MARY’S HEALTHCARE SYSTEM FOR CHILDREN BAYSIDE, QUEENS

St. Mary’s Healthcare System is one of only a handful of organizations around the country that is dedicated to providing intensive rehabilitation, specialized care, and education to children with special needs and life-limiting conditions. Many of the children have been abandoned by their families because of their level of needed care thus also St. Mary’s also serves as an orphanage to these children. The Orphaned Starfish Foundation provided 10 desktop computers to St. Mary’s. They are utilized throughout the hospital. Their placement in their art room, multi-purpose room & the after-school program room make it possible for 200 children to use OSF computers daily. St. Mary’s is OSF’s first-ever program in the United States.
TECHNOLOGY Training

a window to the outside world and unlimited opportunities

By giving children access to a computer and the internet, we are giving them a window to the outside world, access to vast amounts of information, a way to connect with each other, and a springboard into their future.

OSF collaborates with in-country partners to identify project sites with the greatest need to maximize impact. We make sure that specific needs of the children are being met such as food, clothing, psychiatric care, and schooling, before adding a computer center. Our programs specifically focus on providing the children with technology training so that they will be able to provide for themselves and grow into successful adults.

During the past 15 years OSF programs has evolved from providing vocational training to now offering Robotics, Coding, Video Editing, Web Design, and more. Students have successfully attained jobs due to the skill sets they gained while attending their computer classes funded by The Orphaned Starfish Foundation.
The Orphaned Starfish Foundation has started a L.I.F.E. Skills program to help the children live outside of the orphanage. Life is filled with different challenges, and children in our program learn how to solve problems and work in the midst of it everyday. This program includes interactive lessons that give them the opportunity to experience daily challenges without real-world consequences.

The L.I.F.E. Skills program targets subject areas in: Health including nutrition, medical health, and sexual transmitted infection prevention; Education, which includes lectures and workshops on how to their academic interest and career choice; Physiological/Human Rights, which includes, planning their lives, self-esteem awareness, motivation and personal growth; Skills for Independent Living, which includes basics banking and financial management, navigating within the community, caring for their household, and food preparation; Independent Living within Society, which includes leadership and empowerment all needed to prepare students for the outside world.
Marisol is starting a future of success as she goes on to study Commercial Engineering in Universidad de Santo Tomas in Chile.

With her poise and accomplishments it is hard to imagine her in a life of turmoil and unbearable hardships. As she moves on out of Hogar de San Francisco in Chile, she speaks about her amazing opportunities, and the help she received from The Orphaned Starfish Foundation, especially from Tio Andy, whom she admires. Over the years, the humble assistance she was able to receive from Hogar de San Francisco and OSF has inspired her to one day establish her own organization to help other children who need encouragement through art. Throughout the years, she was able to see the outcome of hard work as she scored impressive grades in her classes. Writing, being the basis of her progress in school, also became a hobby. She entered a poetry contest and won first place with her piece titled Piel Marfil, which means Ivory Skin.

As Marisol recalls the events of her childhood, they do not hurt her or affect her, in fact she states “...they made me stronger and allow me to persevere.” It is not expected that children are responsible for their lives but Marisol, exemplifies taking action and accepting responsibility for herself, progressing out of the program to guide her own journey leaving what made her who she is today. She had the opportunity to stay at the orphanage, however she left so that another little girl in need could stay at the orphanage, and have the same opportunities. Inspiring.
